CPTA (Cambodia Piano Teachers Association) was formed in October 2013 by six active piano teachers and other musicians in Phnom Penh. The teachers agreed with the idea of beautiful cooperation among musicians, especially, piano teachers and music schools for the musical development in Cambodia. Therefore, the purpose of CPTA is to encourage piano students with various goals and experiences and to support the professionalism of piano teachers in Cambodia. In order to accomplish these purposes CPTA will hold annual piano competition, level tests, certificate exams, students' concert, teachers' concert, invitation concerts, and other valuable events such as seminars for piano teachers and master classes for teachers and students. Since this year is the first year CPTA embarked on activities, there can be trials and errors. However, CPTA will continue to make a great effort for the musical development in Cambodia. In order to fulfill this crucial purpose CPTA needs active participation of piano students and teachers and expects your continued heartfelt support. Thank you very much!

Program
